NURUL NAJIHAH BINTI ZOLKPL'S

Johor Bahru | 018-6634048 |
najihahzolkpls@gmail.com

Executive Summary

Information Systems Engineering graduate with a Master's in Data Science, with practical experience in full-stack web development, system analysis, UI/UX design, and data analytics. Skilled in Laravel, SQL, Power BI, Python, and Figma, with experience developing web-based systems, interactive dashboards, and data-driven solutions. Strong in problem-solving, analytical thinking, and translating business requirements into effective technical solutions.

Education

Master In Data Science **Oct 2025 – Sep 2026**
Universiti Teknologi Malaysia – Johor
Final CGPA: 3.70

Bachelor Of Information Systems Engineering (Hons.) **Aug 2021 – Mar 2025**
Universiti Teknologi MARA – Jasin
Final CGPA: 3.41

Work Experiences

Data Researcher Dashboard | UTM (Faculty of Mechanical Engineering) **Apr 2026 – Sep 2026**

- Developed an interactive faculty performance dashboard using Google Looker Studio to support data-driven decision-making.
- Cleaned, processed, and analyzed raw data using Google Sheets to track key performance indicators (KPIs) and performance trends.
- Designed interactive charts, graphs, and filters to present complex data in a clear and user-friendly format.
- Integrated Google Sheets with Looker Studio to enable real-time data updates and automated reporting.
- Managed the project independently, demonstrating strong analytical, time management, and problem-solving skills.

Programmer | AHK Arkitek Hanan **Apr 2025 – Jul 2025**

- Designed and developed high-fidelity UI/UX prototypes for a CRM system using Figma.
- Built and maintained front-end and back-end modules with full CRUD functionality using Laravel.
- Enhanced system usability and aesthetics by implementing Tabler UI components.
- Managed system deployment to DigitalOcean cloud servers for production environments.

Junior Programmer | AMTIS Solution Sdn. Bhd. **Mar 2024 – Mar 2025**

- Prepared Software Requirements Specification (SRS) and User Requirements Specification (URS) documents to align technical builds with client needs.
- Designed intuitive UI/UX prototypes for both web and mobile applications.
- Developed robust back-end systems using Laravel and integrated them with responsive front-end designs.
- Created comprehensive test scripts and user manuals to streamline the UAT process.
- Collaborated directly with clients during UAT sessions to gather feedback and ensure requirement compliance.

Projects Involvement

Data Researcher Dashboard| UTM (Faculty of Mechanical Engineering) **2026**

- Developed an interactive Power BI dashboard to analyze retail transaction data, identifying key sales trends and regional performance.
- Implemented Power Query for data transformation and DAX for advanced measures.

Retail Sales & Performance Dashboard| University Project **2025**

- Developed an interactive Power BI dashboard to analyze retail transaction data, identifying key sales trends and regional performance.
- Implemented Power Query for data transformation and DAX for advanced measures.

Manufacturing KPI Performance Dashboard | University Project **2025**

- Engineered a Power BI solution to monitor production efficiency and operational health.
- Developed KPIs (Total Yield, Reject, and Downtime) to identify manufacturing bottlenecks.
- Visualized performance trends across shifts to enable data-driven process optimization.

CRM Project Management System | AHK Arkitek Hanan **2025**

- Designed high-fidelity UI/UX prototypes in Figma.
- Developed a full-stack solution using Laravel and Tabler UI.
- Successfully deployed the system to a DigitalOcean cloud server for production use.

Sistem Pelaporan ePembelajaran| AMTIS Solution Sdn Bhd **2025**

- Developed a centralized web platform for lecturers to automate the generation of academic reports and certificates for archiving, utilizing Laravel and an Oracle Database.

My Gunung Jerai Tourism Platform| AMTIS Solution Sdn Bhd **2025**

- Built an integrated tourism management system featuring a website and mobile application.
- Using Laravel and MySQL.

KUIPs Learning Management System| AMTIS Solution Sdn Bhd **2024**

- Redesigned its mobile application by using Figma.

Multipurpose Information Board (MIB)| AMTIS Solution Sdn Bhd **2024**

- Design the early phase mobile application based on its Digital Masjid application design by using Figma.
- Some of the mosques that currently using the system are Masjid Al-Alami MITC and Masjid Putrajaya.

Staff Management System with Attendance Performance Report Generator| FYP **2024**

- Developed a website using Laravel and MySQL where admins can monitor late attendance employees and generate reports.
- The mobile app, built with Flutter Flow is integrated via Scramble API.

PKRAYIDJ Residents Registration Systems | University Project **2023**

- Developed a website to manage Rumah Anak Yatim by using Java Language and PostgreSQL Database

Skills

Technical Skills

- **Programming & Frameworks:** PHP (Laravel), Python, JavaScript, HTML/CSS, Java, MVC Architecture.
- **Data & Analytics:** Power BI, ETL Processes, Data Cleaning & Transformation, SQL, Database Normalization, Statistical Analysis.
- **Database Management:** MySQL, Oracle SQL Developer, PostgreSQL, DBeaver.
- **Design & Tools:** Figma (UI/UX), Bootstrap, Git/GitHub, DigitalOcean, Microsoft Excel (Advanced), Canva.

Soft Skills

- **Analytical Thinking:** Strong ability to translate complex business needs into technical specifications.
- **Problem Solving:** Experienced in debugging and optimizing system performance.
- **Communication:** Skilled in stakeholder engagement and presenting technical concepts to non-technical users.
- **Adaptability & Learning:** Demonstrated ability to rapidly master new frameworks.
- **Precision & Detail-Orientation:** Committed to maintaining high data integrity through rigorous testing and documentation.

Certificates

Fundamentals of Data Transformation | MongoDB	**2026**
CRUD Operations in MongoDB | MongoDB	**2026**
Certified Professional Requirement Engineering - Foundation Level	**2023**
Certified Computerized Accounting with Mr. Accounting	**2020**
